# From Principal's Desk

Greetings on behalf of SVKM's Jitendra Chauhan College of Law. It gives me immense pleasure to introduce to you all the 22nd Edition of our National Legal Festival, "Law Tryst, 2021". We believe that a student's development goes beyond classroom learning. Our festival Law Tryst provides a platform to students to not only explore but also showcase and hone their communication and legal skills. Legal education is not restricted to four walls of a classroom and hence it is our endeavour to provide the students with an opportunity to learn and explore the limitless possibilities in their quest for knowledge. At SVKM's Jitendra Chauhan College of Law, these tenets are central to our philosophy and inspire us in everything we do.

Law Tryst fosters creativity and imagination to stimulate professional competence and proficiency. This festival has the potential of giving a ride to a law student beyond the realms of law, into a world of virtual court room proceedings. It is a platform for students to showcase legal talent from every corner of the country, to reach their full potential in an engaging and accessible environment. Our college is dedicated to being one of India's greatest law schools, an institution which aims to provide a conducive environment where students can excel and work to the explore their potentials to the fullest and where for a teacher, teaching is a pleasure and for a student, learning is joy. The faculty encourages students to participate in Law Tryst preparations and celebrations, where JCCL continues to remain a memory forever etched in their minds and hearts. The success of this festival, year after year, is the result of the collaborative and collective efforts of students, alumni and the faculty

## About the theme

It is rightly said that technology is mankind's greatest invention which shall cause even greater perils. The digital sector revolutionized how everyone functioned. And as the world became more digitalised, it brought with itself a newer set of challenges! According to Risk Based Security research newly published in the 2019 MidYear QuickView Data Breach Report, the first six months of 2019 have seen more than 3,800 publicly disclosed breaches exposing an incredible 4.1 billion compromised records.

But life without digital media was unimaginable and when the pandemic hit, it seemed as if the world was suddenly compelled to fit itself in a small screen. Everything- from schools, hospitals, judiciary to the governments were now functioning from behind the screens! In the wake of the pandemic, we saw a "Digital Explosion" which was accompanied by "Digital Exploitation". According to a report by Verizon, confirmed data breaches in the healthcare industry alone increased by 58% this year. Another report by IBM suggests that remote work has increased the average cost of a data breach by \$137,000. All these and more raise a very pertinent question- How do we ensure a virtual survival of our identities in this digitally altered new world?

Hence this year, through our festival Law Tryst, we aim to bring out pertinent aspects of Data Privacy and engage young, aspirational minds from across the country in an exciting dialogue about what this new virtual reality means for human race and what would be the consequences of today's inventions on the survival of the future!

# NATIONAL MOOT COURT

The best thing that came out of the COVID-19 pandemic was virtual hearing.

- Justice Gautam Patel

Looking back at the financial year 2020-2021 which has been dominated by the COVID-19 pandemic, we can see it not only as a health crisis but also as a human rights and justice crisis. From the onset of the unprecedented challenge of the wave of the pandemic COVID-19 in India, the Judiciary has been affected the worst and has posed a challenge to legal services but the bright side is that we have been experiencing a growth in virtual court hearings.

Resembling the shift in the trend from the traditional system of physical to virtual, we present the flagship event of Law Tryst, National Virtual Moot Court competition. Indulge in the enthralling feeling of being a part of a virtual court hearing and have an opportunity to engage with and evolve yourself in thinking about the legal issue, enhance your advocacy, legal research and drafting skills. Showcase your teamwork and imbibe various proficiencies from your fellow peers, opponents and judges whilst demonstrating your interest in advocacy and establishing your competence as an advocate to prospective employers.

A good lawyer makes you believe the truth, but a better lawyer makes you believe in "his" version of the truth. The National Virtual Moot Court competition is a competition in which participants get to learn various quintessential skills that are required to be a practicing lawyer. They analyze a problem, research the relevant law, prepare written submissions, and present oral arguments. It is a specialised application of the art of persuasive advocacy. It can be nerve-racking and thrilling at the same time especially for the lawyers in making. Mooting is usually found to be intellectually rewarding and highly enjoyable. This event contributes to the essence of imparting practical education that JCCL has always strived to achieve.

When the going gets tough, the tough gets going. So, work your way up to be the best one in practice by testing your skills in this virtual moot court competition.

# CHAMBERS OF ENVOYS

Our nation has come a long way since Independence. Challenges like the national emergency in 1975 or the ongoing pandemic, may have succeeded in curtailing our movement but they failed in curtailing our democratic voices. Our Government, a quintessence of democracy, was able to overcome these impediments with the help of ever-advancing technologies. Digitization gave birth to a virtual world which made it possible to run an entire country behind the screens seamlessly. Even the Parliament, which is rightly described as the heart of democracy, was able to fulfill its onuses without being hampered.

The rapid growth of digitization as well as swift advances in the fields of information and communication technology has made it very convenient to access any information concerning education, entertainment, international engagements, and more; all under our fingertips. But every good thing comes with serious concerns and the digital world also became a breeding ground for the dangerous field of Data Privacy.

JCCL's CHAMBER OF ENVOYS believes that in today's digital era Data Privacy is of prime importance, and thus, this year we aim to provide our delegates with a forum to discuss and spread awareness on Digital Consent and Data Privacy by voicing their opinions and showcasing their flairs.

JCCL's CHAMBER OF ENVOYS, brings an opportunity for all the inquisitive minds who aspire to walk through the halls of the parliament to immerse themselves in the glory of shaping the course of a great nation, get intoxicated with the power to influence, arm themselves with the skills of a future leader and take on the colossal task of policymaking.

JCCL's CHAMBER OF ENVOYS aims at delivering an exciting, adrenaline-fueled experience by giving delegates the reigns to decide the future of a country with a billion people from the virtual seats of the Parliament. Join us from the 22nd of April 2021, as we embark on this eccentric journey where delegates from across the country will gather virtually for 3 days to reshape the Indian legislature from the comfort of their homes. The delegates will be able to gain an understanding of the operational facets of the Indian government, engage in policymaking debates, conduct research, and get an opportunity to network with like-minded individuals.

JCCL's CHAMBER OF ENVOYS encourages ambitious, promising, and future lawmakers to step forward and demonstrate their skillsets in helping to build an India where one is not compelled to view a screen displaying-

# MANAGEMENT EVENTS

## NEGOTIATION

**Do you have what it takes to convince others at the better terms on the table?** If the answer is yes, then this event is for you! In this event you can display your superior edge at negotiating to the world. **A negotiation is a strategic discussion that resolves an issue in a way that both parties find acceptable.**

By negotiating, all the involved parties try to reach to an amicable settlement which suits all the parties. The competition simulates legal negotiations in which law students, acting as lawyers, negotiate a series of legal problems. The simulations consist of a common set of facts known by all participants. **The main aim of this competition is to enhance the listening, communication, problem solving, persuasion and decision-making skills of the students. The participants must showcase their skills to convince and negotiate the given problem.**

# LITERARY ARTS

## ART OF CONSCRIPTION

"There's no such thing as a 'final' draft, there's only the last draft done before the brief is due" - Gerry Schulze

With the introduction of the Literary genre in our legal forum at Law Tryst 2021, we bring forward the most awaited and revitalizing facet of our festival- a prerequisite for all Advocates; the drafting and persuasive speechifying expertise. So put your prospect to rest and activate your intellect to experience the elation of the hidden future lawyer in you. If you think drafting is your cup of tea, we are here with a twist to make sure you enhance all your Literary skills by sharpening them at this event.

Drafting is the strongest foundation for effective argumentative advocacy skills. Therefore, to refine your drafting proficiency we shall take you through a journey of drafting a Bill, with certain clauses and objectives. Prepare an enthralling Bill to be the spotlight stealer as you present your draft as aspiring lawyers of the largest democracy of the world!

Apart from drafting, we as law students should be authoritatively capable in expressing ourselves. And hence it is rightly said, "Mediocrity should not be endured when it comes to public speaking".

So, on your marks, get set ready for yet another interesting task at Law Tryst 2021 where we will test your eloquence by posing you with an extempore presentation from your drafting wordbook in a limited time frame.

Let's see if you have the adroitness to openly welcome any challenge and sweep the floor with your oratory skills and ardent formulation of the bill, then this is the perfect place for you. Steal the show by putting your best foot forward and be ready for a twisty ride!
