## INTERNATIONAL CONFERENCE ON GENDER BLINDNESS AND GENDER INCONVENIENCE DURING COVID-19.

### ABOUT THE CONFERENCE:

The COVID-19 pandemic has highlighted the tension between different marginalized sectors. The recent time reflects that different approach adopted by different sectors are inconsiderate of the rights secured with respect to women and policies so framed are also not mentioning those. However, the difficulty posed by conflicting concerns and negligence at both the levels i.e., international and domestic is by no means novel, nor limited to Women health concerns only.

The major issues of global import can be summed up as:

#### 1. Impact of Recent Pandemic on Women Globally. (Session 1)

##### Sub Themes:

#### i. COVID-19 Risk Factors for Women

As Frontline workers, 70% women are involved in health care they are also on frontline at home concerns related with their security and protection from the virus were more important but neglected.

#### ii. Sexual and Reproductive Rights and Health

Governments excluded crucial services such as abortion, contraception for adolescents, and outreach programs to meet the needs of marginalized groups from national policies and plans.

#### iii. Women as Domestic Violence Victims

Women Scayed home and there were increased cases of domestic violence.

#### 2. Economic Inequality and Policy Responses. (Session 2)

##### Sub Themes:

#### i. Economic crimes hit Women harder

Because Women tend to earn less, women have fewer savings, Women are Disproportionately more in informal economy, Women have less access to Social protection, Women are more likely to be burdened with unpaid care and domestic work, and therefore have to drop out of the labour force. Women make up the majority of Single-parent household.

#### ii. Policies managing response and recovery effort.

Social and economic policies and programmes to confront the fallout of this crises must be inclusive and transformative, addressing women's leadership and
