## **WHY THIS EVENT:**

The Client Counseling Competition promotes greater knowledge and interest among law students in the preventative law and counselling functions of law practice. It also encourages students to develop interviewing, planning, and analytical skills in the lawyer- client relationship in the law office. Interviewing and advising are a significant part of most lawyer's work. Too often, it is assumed that lawyers have the listening and questioning skills needed to conduct an effective interview. Regrettably, not all lawyers possess these skills. The Competition provides an opportunity for a valuable, educational and cultural interchange between students, law teachers, and legal practitioners.
