ABOUT THE WORKSHOP

The start-up culture in India is expanding exponentially and successful Entrepreneurs are identified in almost every field. With its increased potential in the global market as the 5th largest economy, India has gained momentum to be the market leader in the future. The Indian start-up ecosystem in the last decade has witnessed 10 unicorns and 100's of new start-ups gaining investor confidence across the globe.

DSLIC understands that there is a need to conduct entrepreneurship workshops to skill and up-skill young creative minds. The competitive market poses challenges to budding entrepreneurs to start, succeed and sustain. Some are born Entrepreneurs but some need to be skilled; some may succeed and some may not, So, we believe that few skills may be inculcated and imbibed through training.

In this direction, the Two-day National-level workshop is planned, because any start-up needs a good leader, with an entrepreneurial mindset and a vast understanding of subjects like Management, Technology, and Law with other disciplines, like socio, political, economic, and cultural environment. Any leader needs to have a basic understanding of Management Information Systems, Strategic Management, Operational Management, Human Resources, Finance, Marketing, etc, which are relevant for any start-up including a law firm.

The objective of this workshop is to promote a learning strategy that helps the participants as transit in their journey towards achieving their dream. The workshop is planned to train participants from different disciplines who have a passion for creating value and exploring their ideas, expanding their network, and bringing their thoughts into reality. The participants can be-

- Entrepreneurs,
- Practitioners,
- Trainers, and other professionals.
- Students and Academicians.

DSLIC

Damodaram Sanjivayya Legal Incubation Centre aims to develop entrepreneurship and advocacy skills among young lawyers and students. Since its inauguration in 2018, the Centre has been conducting Inter-University and National-level competitions, programs, workshops, etc. like Crime Scene Investigation, Civil and Criminal Trial Advocacy, Forensic Science Workshops, and numerous other programs in an attempt to provide a platform and bridge the gap between theory and practice. Recently, DSLIC organized its flagship event, CSI-4.0, a National-level Competition in which more than 100 teams from all over India participated.

The main objectives of DSLIC are:

- To encourage and support start-ups in the field of law with an inter-disciplinary approach.
- To bridge the gap between theory and practice of law.
- To provide opportunities for experiential learning to students, young lawyers and others.
